EDUCATION

Madrid
May 2022 - Jul 2022

Bootcamp
Ironhack

During 9 weeks of intensive training, I developed the skills necessary to develop a MERN project. This project, which you can review on my GitHub or at https://hot-to-code.netlify.app/, was created by Santiago Moncado and myself over two weeks of teamwork. This project is a social network for developers where they can share snippets of their code
